## DIRECTORS' REPORT

Bismillahir Rahmnrir Rahim,  
Dear Shareholders,  
Assalamu Alykum,

On behalf of the members of the Board of Directors of your company and on my own behalf, I welcome you all to the 12th Annual General Meeting of FAR Chemical Industries Limited. We members of the Board are pleased to present Directors' Report, Auditors' Report and Audited Financial Statements for the year ended 30th June, 2019 before you for your consideration and approval.

### (i) Industry outlook and possible future developments in the industry:

You know that your company's products are the raw materials of garments and textile sector. So our production and sales are depends on uninterrupted production of textile and garment industries. The garments and textile sectors has gone through lot of obstacles. But this has not affected the growth of the sector, regardless of rising energy and raw material costs and ever growing labor unrest.

The ongoing global economic crisis is having an impact on all export dependent economies. Even high performing countries like China and India have recorded slowdowns. Other high performing economies like those of Thailand, Philippines and Indonesia are also suffering badly because of the ongoing crisis. In contrast, export of textile products from Bangladesh surprisingly remains quite buoyant. Readymade Garments exports have decreased by significant percent, during the year 2018-2019 over the corresponding period of last year.

The industry has set a target of USD 58 billion exports by 2020, which would create an additional 1.40 million job opportunities within the sector and subsequently open up opportunities across different occupations. Many challenges have remained unresolved, but the overall outlook for this nation's industry remains bright.

### (ii) Segment-wise or product –wise performance:

**Other Matter**

FAR Chemical Industries Limited had appointed AHMAD & AKHTAR as an auditor of the financial statements for the year ended 30th June 2019 in the company’s last Annual General Meeting. Due to ineligibility of AHMAD & AKHTAR to perform audit, the company re-appointed us as the auditor of the financial statements for the year ended 30th June 2019 according to vide letter no. FAR/2019/017, dated: 17th July 2019.

**Other information**

Management is responsible for the other information. The other information comprises all of the information included in the Annual Report other than the financial statements and our auditor’s report thereon. The Annual Report is expected to be made available to us after the date of this auditors’ report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing (ISAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with International Standards on Auditing (ISAs), we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- \* Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- \* Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- \* Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- \* Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- \* Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## ANNUAL REPORT 2018-2019

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the company's financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have not come across any other key audit issue for the year under audit, and as such noting is reportable.

### Liquidity Risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and bank balances and availability of funding through an adequate amount of committed credit facilities. The company aims to maintain flexibility in funding by keeping committed credit lines open. The maturity profile of the company's liabilities based on contractual maturities is as follows:

Financial Liability	Carrying Amount	On Demand	Contractual Cash flows	Upto One year	More than one year
Trade payable	38,964,750	-	38,964,750	38,964,750	-
Short term borrowing	2,002,143	-	2,002,143	2,002,143	-
<b>Total</b>	40,966,893	-	40,966,893	40,966,893	-

### Fair Values

The fair value is an amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Consequently, difference may arise between the carrying value and the fair value estimates. As at June 2019 the net fair value of all financial assets and financial liabilities are estimated to approximate their carrying values.

Underlying the definition of fair value is the presumption that the company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.
